

Dear Valued Customers,

We have some great hand sanitiser products which are used primarily in the healthcare sector (for frequent use) and we are now offering them to our customers in retail sizes.

Elyptol is a revolutionary next generation hand sanitiser that is manufactured in Australia.

Unlike most hand sanitisers in today's marketplace, Elyptol is made using 100% organic ingredients.

Elyptol hand sanitiser is endorsed by Skin and Cancer Foundation in Australia and it is also the preferred sanitizing products used by NSW Ambulance.

Elyptol comes in the following sizes:

Code	Product Description
EGLG02AU	Elyptol AntiMicrobiall 60ml Gel
EGLW08AU	Elyptol AntiMicrobiall 250ml Gel
EGLW16AU	Elyptol AntiMicrobiall 500ml Gel
